

Hello and Welcome to La Prématernelle La Coccinelle!

We have a very exciting year waiting for your precious child that is designed to promote and enhance their growth and development while sparking their love for learning. We promise you that this very important year will be filled with discovery and joy as your child plays and learns in an environment that is warm and safe. September is a month of getting acquainted with the new students, rekindling old friendships and marking new ones, and establishing preschool routines. La Prématernelle La Coccinelle has a bright and cheerful atmosphere that creates a wonderful environment for learning, playing and having fun.

Please parents mark your calendar for the Parent Info night on September 5th, at 7:00 pm at the preschool.

STAY CONNECTED! Let this Preschool experience be the best first steps into forming relationships and a sense of community; allow yourself to form amazing new relationships with the families that make up your class. Meet your new school friends at the playground for a picnic lunch after morning classes or maybe plan a play date before your afternoon class! Create a community that you love!

Do you have any questions or concerns before we get this year started? If so, just email us back and we will be sure to ease your worries. Enjoy the last few days before Preschool starts, Families; we are so excited to see you and get this year started!

Very Sincerely,

Madame Claudette and Madame Rima
